FURTHER TERROR PLOTS SEEN IN MARSHFIELD FIRE

IGNITE BARN NEAR FARM WHERE BOMB KILLED MRS. CHAPMAN.

BLAME DITCH FOE

Owner Proponent of Mill Creek Drainage Project, Neighbor of Bomb Victim.

Marshfield, Wis.—A fourth outbreak of terrorism, attributed by authorities here to opponents of the Mill Creek drainage project, occurred Tuesday when fire, believed incendiary, was discovered in the barn on the Gus Wunrow farm two miles south of here.

Wunrow lives near the home of J. R. Chapman, whose wife was killed two weeks ago by the explosion of a bomb sent through the mails as a Christmas package.

Mr. Chapman, who also lost his hand in the blast, had been an active proponent of the drainage project, and Wunrow has been one of his chief supporters.

The fire was discovered shortly before noon in a quantity of baled hay in the large barn. Prompt help by neighbors and the assistance of an engine of the Marshfield department resulted in checking the fire with a small loss.

Incendiary Is Believed

Mr. Wunrow expressed conviction that his barn had been set on fire. The hay was dry when it was baled, he said, in dismissing the possibility that spontaneous combustion might have caused the blaze. He was especially emphatic in declaring that his championship of the drainage project had led to an incendiary plot.

The preliminary hearing of John Magnuson, accused of first degree murder in connection with the bomb death of Mrs. Chapman, Wunrow testified that Magnuson had accused him of accepting money in return for his support of the Mill Creek ditch which crosses his farm.

Following Outrages

The Wunrow fire follows a series of outrages here within the last six months. They are all attributed by officials to foes of the Mill Creek ditch. The first was the dynamiting of a dredge last July just before it reached the Magnuson farm. The second was the burning of Gus Orlin's barn last October. Orlin, who like Chapman and Wunrow, was an active supporter of the drainage project, lost \$10,000 in the fire. The third outbreak was the "Christmas package" bomb sent to the Chapman home on the Wednesday after Christmas.

Opposed by Many

Mill Creek has its origin near Marshfield and runs southeast toward the Wisconsin river, being straightened and deepened by the drainage work now in progress, which was approved by the Wisconsin board only in the face of determined opposition. Several thousand acres of land will be made fertile through the project, its proponents hold, but this fact has failed to silence enemies.

One of the principal objections to the Mill Creek project is the fact that it carries away the sewage of the city of Marshfield. Another cause of complaint was the cost, some farmers being assessed as much as \$500 each as their share of the fund.

Falling Tree Kills Farmer

Blighman—James Hargrave, 58, prominent farmer living in the northern part of Spring Prairie township, Walworth county, was killed Tuesday afternoon while working in the woods near his farm.

He was caught under a falling tree and died of loss of blood shortly after help, summoned by his son who was working nearby, arrived. The bones in his legs and arms were crushed and an artery severed. Funeral arrangements have not been made.

Five Miners Are Killed in Blast

(BY ASSOCIATED PRESS.)

Birmingham, Ala.—Entering the pit in the face of a warning that it was dangerous, five miners met death in Dolomite mine No. 1 of the Woodward Iron company, near here, early Wednesday morning in a gas explosion. The men were killed outright. Four were negroes and the fifth W. E. Lewis, white. Dolomite No. 1 is about two miles from Dolomite No. 2, where 90 miners were killed last November in a dust explosion, and is part of the same seam of coal.

The blast was confined to one "room" in the mine. All that prevented greater loss of life was the fact that few men were in the pit at that hour, it was said in early reports.

Gas had been discovered in the mine and warnings posted instructing none to enter. The five victims were said to have ignored this official warning.

Hail La Follette Bolt of Republican Caucus as Socialism Forecast

(BY ASSOCIATED PRESS.)

Madison—A step toward the establishment of a new political party to combat the way for socialism was taken Wednesday when the Republican caucus of that party last night, Assemblyman Thomas Dunlap and Senator Joseph P. Hirsch, socialist leaders, declared in statements to both houses of the Wisconsin legislature when it convened here Wednesday.

With this declaration, the socialists threw their support to the La Follette-Blaine candidates for legislative offices, when organization of the houses was made by the Wall Street three who gave the governor the strength needed to organize the upper house. In the assembly, their 10 votes were thrown to the administration to elect the speaker.

Prepares Way, Claims

"The present privately owned industrial system is tottering," his evident weakness in Europe and America has produced a new political party in this country. In fact, it is called 'La Follette-Blaine' the socialist statement said. "The mission of this new group is to act as St. John the Baptist for the cause of socialism, to prepare the way for socialism."

The La Follette legislative conference in Washington, the socialist-farmer-labor-nonpartisan conference at Madison, were John the Baptist groups.

Step Toward Socialism

"The bolt of the radical state senators from the regular republican caucus, which was held by the Wall Street three, is a step in the same direction. Furthermore, the La Follette-Blaine platform upon which the majority of the Wisconsin legislature will meet in November, 1922, is distinctly a John the Baptist document, as to taxation, labor, the farmer, and war and militarism. In fact, it is a document which will divide the program as outlined in the 1922 state socialist platform in two of the 14 planks.

"I am a socialist," said the speaker, "to assist in crystallizing this group which is solemnly pledged to prepare the economic way for socialism, to assist in the abolition of the present capitalist system, to accept their refusal to caucus with reactionary elements as a pledge of their sincerity. We therefore cast our votes for their candidates."

73 PCT. OF WAR SAVINGS CASHED

\$107,000 in Stamps Still Outstanding Here, Records Show.

While the demand for cashing and exchanging the 1918 War Savings Stamps due Jan. 1, has dropped off somewhat during the past two days at the postoffice, there are still many stamps out which should be cashed or at least turned in to the local postmaster by the end of this week. Postmaster J. J. Cunningham says. Those outstanding in Janesville total \$107,000, figures at the local office show, about 75 per cent of the \$140,000, or \$32,000 worth of the stamps having already been turned in.

"Our excess fund is to be withdrawn Jan. 15," said Mr. Cunningham. "It will then be the largest fund of its kind in the country, and that all stamps be turned in to this office this week."

The postoffice is making arrangements to observe the day. It is a special day, starting Jan. 17. Special stamps will be laid on small savings and attractive offers made for the department for investment.

Japanese postoffices at four places in China have been discontinued, according to the latest postal bulletin, which also announces extension of parcel post service to and from this country and Ecuador and Guatemala. Prior to this time, there had been no such service in the countries mentioned.

Federal officials are looking for a new counterfeiter. Federal Reserve bank notes, carrying the numbers 233 and 231 on front and back, it is said, have been found in circulation. It is said to be noticeably darker than true bills.

George Birmingham, clerk carrier, who is ill, is being replaced by Laurin Bear.

GIRL OF 17 TELLS OF DEPORTATION AT HANDS OF KLAN

TAKEN FROM HOME AND SENT FROM STATE, TESTIMONY.

McKIN IS NAMED

Recognized Doctor in Spite of Hood; Victim of Whipping Also Is Quizzed.

(BY ASSOCIATED PRESS.)

Bastrop, La.—Addie May Hamilton, known as daughter of the Klan, declared on the witness stand in the open hearing investigation Wednesday into the slaying of Watt Daniel and Thomas Richards, that she was forced to leave her home near New Orleans and was deported from the state by the "Ku Klux Klan." She named Dr. B. M. McKinn, former mayor of Mer Rouge, and "Pinkie" Kirkpatrick as two of the party of men who she testified came to her mother's home one night took her away and put her aboard a train for Little Rock, Ark., the home of her sister, the young woman gave her age as 17.

"How do you know the Ku Klux sent you to Little Rock?" G. A. Gurn, who began the questioning of the young woman, asked.

"Because Dr. McKinn and 'Pinkie' Kirkpatrick and about six others came to my mother's house about 10:30 at night and told me they were going to send me away."

"Do you know positively it was Dr. McKinn and Kirkpatrick?" G. A. Gurn asked.

"Yes sir," recognized Dr. McKinn who was masked, but he was the only one doing any talking. They came to the house and pulled their guns and told my mother 'that Addie May will have to leave town tonight.' My mother asked them what for. 'Because Dr. McKinn said, Addie has been leading an immoral life, she has been with a colored man, and she is a disgrace to the community. We are going to send her away.' Dr. McKinn said, 'We are going to.' My mother got down on her knees and pleaded with them not to do this to her. They said if anybody showed their heads out of the door they would shoot them off."

"They made me leave without a husband and a child," Kirkpatrick said. "I struck my mother when she made a final plea for me to be allowed to remain. My mother attempted to shove them out of the door. They threatened to let her go to the depot. They returned. They put me in an automobile and Dr. McKinn gave me \$5 for my fare to Little Rock. He told me if I did not catch the train I would be lashed and feathered the next day."

"Put Into Automobile"

"I was put on the back seat of the automobile and 'Pinkie' Kirkpatrick threw his legs across my lap."

"I don't know," she said.

"Where was your father?" "About 10 miles away in the country."

She explained that she had only a few dollars. She told her she could not return. She was asked why she came back.

"Mr. H. H. Clark and W. E. Hopkins said they could fix it up with the Ku Klux. I got a letter from them telling me everything was all right. They said they would take care of my family and they interceded at the request of my sister."

"When you returned, how long did you stay?" "About two weeks. I was afraid every day. I returned to Little Rock and came home in August. I went back and returned again in December."

Miss Hamilton was excused after her testimony.

Turks Satisfied if Patriarch Is Shorn of Power

Agreement also was reached in principle on the restitution of civil hostages, the exchange of prisoners and the disposition of the Greek and Turkish minorities.

Historic Armory Taken by Leath's

The old armory in the Hayes building at the corner of West Milwaukee and North Franklin streets, playing so large a part in the city's history with the many important events and the securing of the peace that have taken place there the past 45 years, will be no more after April. According to an announcement coming from Leath's store, the armory will be taken over by a chain in this section, will take over the third floor of May 1 giving it possession of the complete building. It will then be the largest store in the section, which includes Elgin, Beloit, Rockford and other places.

With the announcement that the hall will be redecorated for store purposes, old residents will recall the many important functions that have taken place there, how the armory has been used for the first time, the hall will be taken over and another firemen's hall, another trainmen's hall, another Lakota party.

Store Needs More Room

The history of the Leath store here has been one of rapid progress. Coming here about five years ago, it first occupied half of the first floor. Trade increased and it was necessary to have more room and the corner store was acquired. The second floor was taken over and now used for a store-room and rug department. Recently the basement was remodeled and made into a kitchenware and china department. Only a few weeks ago the Stone tailor shop on the second floor, occupying the corner, changed locations, the lease having run out, and then with the securing of the lease for the third floor from the Hayes estate, the entire building is the Leath store.

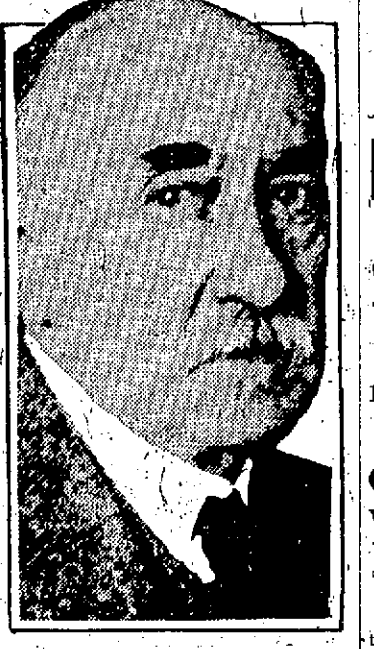

The present lease is held by the bank, using the hall as a drill armory. Their plans for another armory are incomplete. Plans as to what the third floor will be used for by the store are also incomplete.

Mr. Leath, who goes back to the old days of 1878 when the building was built by the late Peter Myers, one of Janesville's most prominent citizens, said that the building was built in 1877, and the place was unoccupied until the armory was built. Then the old guards were organized with much pomp and circumstance for the first time. The first floor was occupied by many years was used by Bassett, Bliss and Echlin, a firm which at one time, prior to moving to the new building, burned the second floor as a warehouse and factory. H. F. Bliss, one of the partners, left the firm, and Echlin remained in the Janesville Gazette.

Not even during the World war was interest as high in a military company as it was the 11 years the guards were in existence. H. A. Chisholm was the first captain. Then came Tom Croft, J. B. Doe and Capt. Glass before dissolution occurred when many dropped out because of a changing age. The company was perhaps at its height in the middle of the 1880's, when, under Capt. J. B. Doe all the men had a trip to Mobile, Ala., where the company drilled for the first time. The company was disbanded, and the company disbanded, younger men formed the Light Infantry and drilled in the armory. Charles Hanson was the first captain of this, while such men as George Allen, George Paris and George Allen, were members of the company for many years, his father being one of its founders.

John Hays Hammond

being on the witness stand for about an hour and a half. G. A. Gurn, one of those who on August 24 was recalled. He testified to the effect that at one time at Stampey, three miles north of Mer Rouge, he and Watt Daniel had run into a party of klansmen.

"How were they dressed?" "In white, all hoods reaching to their feet. They went out of the Stampey road. We followed them as I had business with them. I had received a note. I found it in my automobile. It said I was running up and down the road and disturbing the peace at all times of night. It was signed by the vigilante committee. I followed them to talk about the note."

"Where did you overtake them?" "Questioned by Klansmen."

"They stopped at a negro house. It was a moonlight night and we could see plainly. Some of them went into the negro house. When they came out they came down to where we were and surrounded our car. They told us to hold up our hands. They searched us and took Watt's gun. They accused Watt of making whiskey. He said he had not made any whiskey since November. A number of the klansmen took my pistol but later returned it. They did not return Watt's. We went on to town."

"What did you do about the note?" "I showed it to them when they held us. They said they did not know anything about it."

Road Fight Is Resumed

A fight over the 1922 concrete road building program developed in the county board this afternoon when Supervisor M. P. Richardson, Janesville, offered to build five miles of road on the route 20, east of Janesville after finishing No. 10 highway.

"Hanover and Orfordville want the old route 20 west of Janesville at all," said Mr. Richardson. "If these districts can't agree, let's build 20 east of Janesville because the state highway commission will never accept the old route 20 west, then we could get no state and federal aid."

Supervisor John Paul offered an amendment to the Richardson motion which has been pending since the county board to the amendment was then made by Supervisor C. O. Onsgaard, Elmira, that the 1922 appropriation of the county board to build five miles west of Janesville for route 20, be stricken out.

Transport St. Mihiel Booked to Leave New York at Once to Bring Boys Home.

(BY ASSOCIATED PRESS.)

Washington—Withdrawal of the American troops from the Rhine was ordered Wednesday by President Harding. In announcing the decision, the state department said the president deemed the time expedient for the recall of the forces now at Coblenz.

The American forces remaining in that area number about 1,000 men, and it was indicated that the withdrawal order would be carried out as soon as the American commander, Major General Allen, could make the necessary arrangements for winding up finally the affairs of the army of occupation.

Date Is Uncertain

A resolution favoring such a withdrawal, was adopted Saturday by the senate, but it was not apparent Wednesday how far it had contributed to the president's decision or how far the administration had been influenced by the situation brought about by the German evacuation of the Rhine valley.

Officials of the state and war departments refused flatly to make any explanation of the decision to recall Major General Allen and his force stationed at Coblenz, but they considered expedient to complete at this time American withdrawal from Europe.

Transport to Leave

Secretary Weeks was called to the White House early Wednesday for the purpose of the government to withdraw the troops was disclosed before his return to the war department. It was learned that General Allen had been sent to General Allen to begin the homeward movement, although he has knowledge of the plan for early evacuation. He is prepared to move on short notice.

As an indication that no time would be lost, it was made known that the train for the evacuation of the New York Wednesday or Thursday to bring home the bulk of the Rhine forces. A few small detachments will be left for a short time to close out final settlements involved in the withdrawal.

SHORTHORN TEST RECORDS

The first testing records obtained by the Rock County Milking Shorthorn association, held in the United States for Shorthorns, has been reported by Clayton Fisher, tester, for December.

The high cow in the Shorthorn association is a pure bred cow owned by Stuart Brothers, Rock County, named "Maid." This cow was first in her class at the Chicago International livestock exposition in a class of 32 entries. She produced 1218 pounds of milk, testing 4.8 per cent and is credited with 53.7 pounds of butterfat. Her ration consisted of 10 pounds of silage and a grain ration of 200 pounds oats, 300 pounds corn, 300 pounds bran and 200 pounds dairy feed.

There were 17 cows in the Rock county association that were in milk testing 30 pounds of butterfat or better.

The herd of J. T. Rime, having both grades and registered stock, held the high herd averages during the month of December.

One of the high cows in the association is Janesville Rose 329, also a show animal, which in tests made in a mixed cow testing association, produced more than 50 pounds of butterfat and 44 pounds of milk, with 1255 pounds of 4.4 per cent milk and 611 pounds butterfat.

The following table gives the names and records of the cows in the association which have produced more than 40 pounds of butterfat or 800 pounds of milk during the period of 30 days ending December 31, 1922.

100 WAYS To Make Money By BILLY WINNER

If I could make keys—

I LOST my door key one time and had to perform the second story act. Worst of it was, I didn't know where to get a new key made. Come to find out, after a good deal of worry, there was a man in my neighborhood who made keys. But I didn't know he was there when I wanted a key made.

Now if I could make keys I would see that people knew about it. Thousands of keys are lost during a year, and I would make money by supplying new ones for some of them. I would insert a Want Ad in the Janesville Gazette saying that I made keys. When a person lost a key he then would come to me for a new one.

In pronouncement of the speaker, size of attendance, novelty of arrangement, extent of secrecy, every way, the American Legion former service men's banquet, gathering and election Wednesday night is put down in advance as topping 'em all. Every day in the city of the banquet has been getting better and better, says the committee, until it is expected at least 225 will sit at the "board."

All former service men of the war are invited. They meet in the legion rooms in Moose hall, Myers theater building at 7 p. m., from where they will march to the music of the Janesville high school band to the eating place. Where the plates are to be set is not to be announced until after the marchers are on their way, when a sign will be posted in the doorway of the theater giving directions.

After speaking at the high school Wednesday afternoon, State Commander Duffy made a visit outside the city. He is to return at 6 p. m. via interurban, and will take part in the parade.

HISTORIC ARMORY TAKEN BY LEATH

Fred Miner were among the most active members. This company disbanded in the middle of the 1890's, an interest lagged until the days of '98 and the Civil War. Then a national company was organized here, later entering the war. A real war kept the interest high for some years, but a spell of national peace and the World War saw little military activity here. With the breaking out of the war, however, companies were organized and drilled at Camp Douglas.

BOARD KILLS SANATORIUM PLAN (Continued from page one)

the favorable side and that Supervisors Arthur, Cris, Merriam and Snyder switched from those favoring it to the opposition, or those seeking delay.

Sup. Doty, Mildred and Mosely, who were absent voted 'aye' in November and Supervisor Acheson voted 'no'.

The opposition gained strength in the vote Wednesday by the appearance of Supervisors Arthur, Campbell and McGowan, who were absent in November when the sanatorium was 24-20.

After a few skirmishes to sidetrack the subject, the tuberculosis sanatorium issue, it was brought to a climax when Supervisor M. P. Richardson, offered a resolution to pass \$100,000 three-percent semi-annual bonds payable by direct taxation.

J. D. McGowan took the floor to oppose the sanatorium bonds and in a long talk warned the board against the tax on the taxpayers with additional burdens.

"We are mad on public improvements," declared the Janesville supervisor. "We keep on bonding and spending until we are broke. We are in taxes so high our farmers cannot pay them and pay their debts. Look at Janesville clear up to the hill in debt and in the same all over."

"We are not going to cure tuberculosis with a sanatorium. As a matter of fact we need a hospital for our incurable diseases, venereal cases more than we do a tuberculosis sanatorium."

Farmers Protest.—W. B. Morgan, Lima township, reported that at the recent town election a roll was taken in his township. He reported the results 10 to 1 against the sanatorium. He also reviewed figures obtained from Jefferson county.

"I am telling you we will have a 'white elephant' on our hands if we build that sanatorium. Our farmers cannot stand up to additional taxation. There is more to the argument we need a place to help our tubercular patients—but I cannot see where we can load any more on our tax burden."

When the sanatorium issue came up at the start Supervisor McGowan first moved to have it put over on a special order of business at a future night. This move was balked and after considerable exchanges of sarcasm, Supervisor George Woodruff, of Janesville, called for the issue clear cut for a show down Wednesday morning.

"No use arguing any more about this, McGowan and I could talk all day long and we would not clear it up. Let's settle the question right here and now."

Snodgrass Heads County Doctors

Dr. T. J. Snodgrass, Janesville, is 1923 president of the Rock County Medical society, as a result of the annual meeting at Beloit last week. The meeting also resulted in a number of other local physicians' receiving offices.

Dr. Snodgrass was vice-president last year. Dr. J. Clyde Smith, Beloit, being elected to succeed him.

Dr. E. B. Brown, Beloit, was elected secretary and treasurer. Dr. W. T. Clark, Janesville, was chosen gastroenterologist and Dr. T. W. Nuzum, also of this city, entered upon his second year as delegate to the state meeting.

A comic part of the program was the "glend opera" "The Glend of Glendmania," being a burlesque of the present national move toward glend transmutation. Bankers-Morse orchestra played.

Dr. W. F. Peterson of the medical department of the University of Illinois, held a lecture on the treatment of the old practices connected with medicine—bleeding, cupping, blistering and cauterizing—and of some of the newer methods used—massage, X-ray therapy, light and electricity.

Of the 35 present, 11 were from this city. The January meeting will be here Tuesday night, Jan. 30.

BOARD KILLS SANATORIUM PLAN (Continued from page one)

the favorable side and that Supervisors Arthur, Cris, Merriam and Snyder switched from those favoring it to the opposition, or those seeking delay.

Sup. Doty, Mildred and Mosely, who were absent voted 'aye' in November and Supervisor Acheson voted 'no'.

The opposition gained strength in the vote Wednesday by the appearance of Supervisors Arthur, Campbell and McGowan, who were absent in November when the sanatorium was 24-20.

After a few skirmishes to sidetrack the subject, the tuberculosis sanatorium issue, it was brought to a climax when Supervisor M. P. Richardson, offered a resolution to pass \$100,000 three-percent semi-annual bonds payable by direct taxation.

J. D. McGowan took the floor to oppose the sanatorium bonds and in a long talk warned the board against the tax on the taxpayers with additional burdens.

"We are mad on public improvements," declared the Janesville supervisor. "We keep on bonding and spending until we are broke. We are in taxes so high our farmers cannot pay them and pay their debts. Look at Janesville clear up to the hill in debt and in the same all over."

"We are not going to cure tuberculosis with a sanatorium. As a matter of fact we need a hospital for our incurable diseases, venereal cases more than we do a tuberculosis sanatorium."

Farmers Protest.—W. B. Morgan, Lima township, reported that at the recent town election a roll was taken in his township. He reported the results 10 to 1 against the sanatorium. He also reviewed figures obtained from Jefferson county.

"I am telling you we will have a 'white elephant' on our hands if we build that sanatorium. Our farmers cannot stand up to additional taxation. There is more to the argument we need a place to help our tubercular patients—but I cannot see where we can load any more on our tax burden."

When the sanatorium issue came up at the start Supervisor McGowan first moved to have it put over on a special order of business at a future night. This move was balked and after considerable exchanges of sarcasm, Supervisor George Woodruff, of Janesville, called for the issue clear cut for a show down Wednesday morning.

"No use arguing any more about this, McGowan and I could talk all day long and we would not clear it up. Let's settle the question right here and now."

Snodgrass Heads County Doctors

Dr. T. J. Snodgrass, Janesville, is 1923 president of the Rock County Medical society, as a result of the annual meeting at Beloit last week. The meeting also resulted in a number of other local physicians' receiving offices.

Dr. Snodgrass was vice-president last year. Dr. J. Clyde Smith, Beloit, being elected to succeed him.

Dr. E. B. Brown, Beloit, was elected secretary and treasurer. Dr. W. T. Clark, Janesville, was chosen gastroenterologist and Dr. T. W. Nuzum, also of this city, entered upon his second year as delegate to the state meeting.

A comic part of the program was the "glend opera" "The Glend of Glendmania," being a burlesque of the present national move toward glend transmutation. Bankers-Morse orchestra played.

Dr. W. F. Peterson of the medical department of the University of Illinois, held a lecture on the treatment of the old practices connected with medicine—bleeding, cupping, blistering and cauterizing—and of some of the newer methods used—massage, X-ray therapy, light and electricity.

Of the 35 present, 11 were from this city. The January meeting will be here Tuesday night, Jan. 30.

32 TO GRADUATE IN MIDYEAR CLASS

Part of Commencement Exercises to be Held in New H. S.

Graduation of the January class of 1923, composed of 32 members, will be a "50-50" affair, with some exercises to be held in the old high school building, and others and presentation of diplomas to occur in the new building. Work on the new building during the next two weeks will determine how much it will be used for the commencement activities of the week preceding Jan. 26.

Dates have already been set for the activities and Dean W. W. Brown, Miss Emma Nelson, faculty advisor and class officials are busy working out the details. Work on the numbers for class night, Jan. 25, in the new building if the lights are in, is being done by various committees. They will be the usual things given at that time—prophesy, class song, practices for which has started, class history, presentation of mace.

Sunday, Jan. 21, in the evening at the Congregational church, the Rev. Frank Seibner will give the baccalaureate sermon, a part of commencement which has been omitted in recent years. A class banquet will be held Tuesday night, Jan. 23 at the old building, this being rather new, having been done for the first time in years last June. On Thursday night there will be a mixer for members of both the junior and senior classes.

Friday night, Jan. 26, in the newly completed auditorium of the new high school, diplomas will be presented to the 32 graduates. Francis Boos, president of the class, will give the welcoming address. Bernice Gibson, who has recently been decided valedictorian, will give an address on "What Is Education?"

The class will give a set of books of biography and autobiography to

the school, to go into the new library. A plate in front of each volume will bear the class name and the names of each member.

It is hoped to secure Dr. Rollo Lyman, English department, University of Chicago, to give the commencement address.

Madison Prisoner Flees from Jail

Madison.—In one of the most daring and cleverly planned jail deliveries on record in this part of the country, Theodore Thiel, 41, held here for stealing an automobile from the show rooms of the O. S. Jacobson garage late in September, broke out of the county jail some time after midnight and escaped.

Thiel made his escape by breaking open heavy lever locks and bars on the windows of the second floor of the jail, and then dropping some 40 feet to the ground.

It is believed he escaped in an automobile with an accomplice.

Six From Here at Builders' Meeting

William Ford, E. B. Van Pool, Benjamin Tynan, Julius Baker, local contractors, and W. B. Sullivan, secretary of the local Building Exchange, will go to Appleton Wednesday to attend the Master Builders' state convention. Emil Bauer, vice-president of the state association, left earlier in the week to attend all the sessions.

YOUTH BOUND OVER ON THEFT CHARGE

Watertown.—Henry Gode, 16, was bound over to the juvenile court by Justice Perle and Schumacher on a charge of stealing the automobile of Arthur Kuenall. The car was recovered where Gode is said to have parked it when he went to a dance. His case will come before County Judge John G. Conway, Jefferson.

U. S. INCOME TAX BLANKS ISSUED

Hundreds Received by Mail in City This Week—File by March 15.

Citizens on Uncle Sam's mailing list have been receiving blanks for their income tax this past week. Others not on the list will be able to secure blanks from H. R. Cook, income tax collector, with offices on the second floor of the local postoffice. While no blanks are there yet, they will arrive in a week or two, it is expected, when they will be at the banks as well as at the collector's office for distribution.

The filing period extends from Jan. 1 to March 15. Some time in February Mr. Cook and his men working in this field will spend much time at the local office to give advice to those who wish it.

Form 104A is that issued here, and is practically the same as it was last year. It is for all those having net incomes of less than \$5,000. For any amount over \$5,000 form 1040 is used.

CHEESEMAKERS TO MEET IN MONROE

Monroe.—The 23rd annual convention of the Southern Wisconsin Cheesemakers' and Dairywomen's association will be held next week here. J. Q. Emery, state dairy commissioner, will be one of the speakers. The convention opens Tuesday, Jan. 23, at 10 a. m. at the Hotel Wisconsin. A. E. Duly, Apuosa, 1st, famous dairy lecturer, William Winder, assistant to Mr. Emery, and Prof. K. L. Hatch, assistant director of agricultural extension at the University of Wisconsin, are on the program.

New York.—Albert L. "Slim" Johnson, nephew of Tom L. Johnson, former Cleveland mayor, and husband of Peggy Marsh, English dancer, died.

STOUGHTON FOUNDER'S DAUGHTER DIES IN MINNEAPOLIS AT 85

Stoughton.—Miss Luella Stoughton, 85, daughter of Luke and Eliza Stoughton who founded this city, died in Minneapolis Saturday. She was born at Westfield, Vt., in 1837, and her parents settled at Janesville in 1838, where Mr. Stoughton conducted a general store, and in 1837 bought the tract of land on which this city is located from Daniel Webster, then senator from Massachusetts. Here Mr. Stoughton established a grist mill and moved his family from Janesville in 1849. Miss Stoughton graduated from Milton academy in 1861 and Oberlin college in 1863.

Next Hearing on Viaduct Appeal to Be Held Jan. 30

Further hearing on the city of Janesville's application for the alteration and reconstruction of the St. Paul and Northwestern joint railroad bridge over North Franklin street will be held before the railroad commission at Madison, at 10 a. m., Jan. 30, according to notice sent out this week by G. D. Se Cheverell, commission secretary. At this first hearing, the railroad submitted a compromise proposition whereby the improvement would cost the city something, but the council rejected this by almost unanimous vote and the continuation of the hearing is the result. City Attorney Roger C. Cunningham will appear for the city to urge that the railroad bear the entire cost of building a new structure, eliminating the center pier and paving and straightening out the street.
